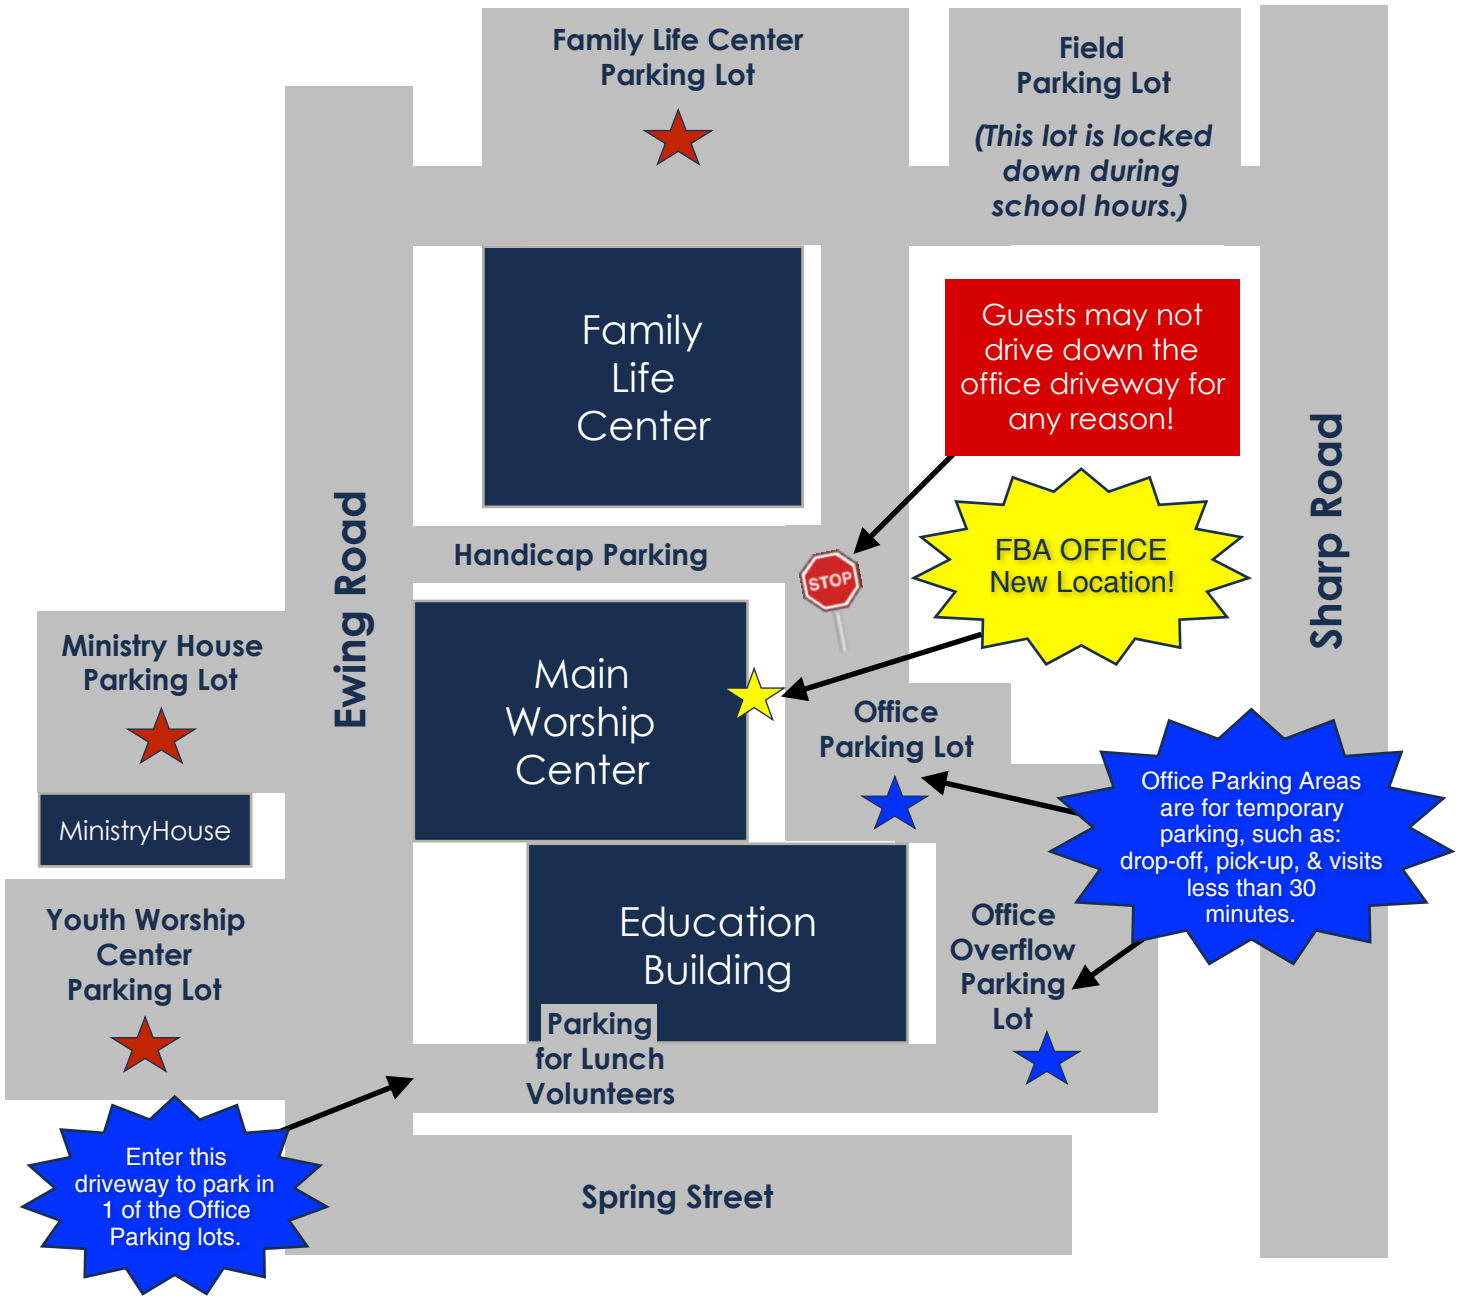
# PARKING on CAMPUS


There are a few changes to the master campus plan at FBA. As we communicated earlier this summer, our office has moved! We are so excited to now be sharing a joint office space with the First Baptist Church staff. See the ★ below for our new location. **Please note, the Office and the Family Life Center front door are the only 2 doors through which guests can enter our buildings!** Please notice the areas that are marked with ★ as "Visitor Parking" below. While we know that this will cause some changes for families visiting our campus during the school day, we believe that we will all adjust quickly!
