

HOW TO USE THIS RESOURCE

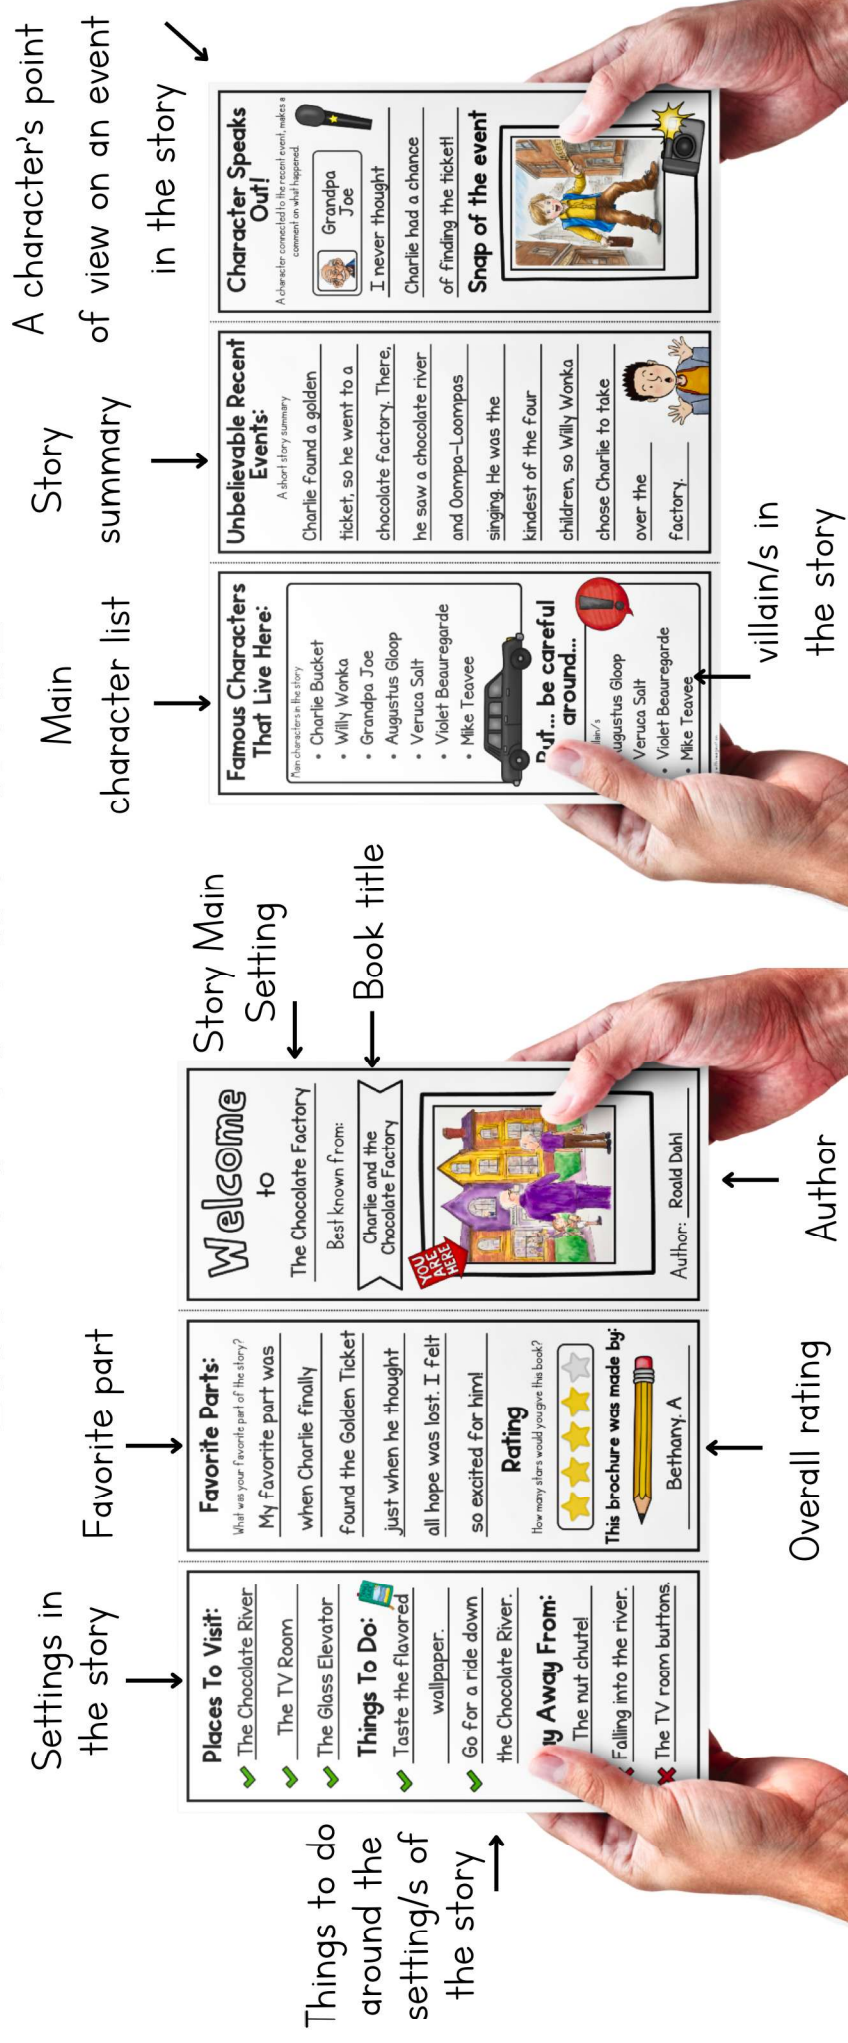

PRINTING OF MATERIALS:

- Brochures: I recommend printing the brochures two-sided on thick cardstock. Use the 'Two-Sided Printing' option in your printer settings for this purpose. If your printer doesn't offer this option, your students can glue the pages back to back once they've completed them.

COMPLETING THE BROCHURE:

- Students will fill out each section of the brochure on a FICTION story they have recently read. Once they are complete, they will fold the brochure along the dotted lines to create a tri-fold brochure.

Main characters in the story

A large, empty rectangular frame with a thick black border, intended for a drawing. The frame is positioned on the left side of the page, with a small, stylized drawing of a camera or video camera in the top right corner, as if it is filming the frame.
